THE MEXICAN EXCURSION.

A Grand Senatorial Raid on the Sister Republic and Fillbustering Scheme -Who are in the king.

A Combination of Beauty, Talent and Pelitics-And there is Profit

in the Future. special Correspondence Chicago Times.) WASHINGTON, March 7 .- There is now being perfected in this city one of the most gigantic schemes for the acquisition of territory. A ring has been formed of about twenty leading senators and prominent capitalists in the east, to make a raid upon the northern province of Mexico. The project is to be disguised under the cover of a pleasure trip. Senator Cameron, of Pennsylvania, has been for several days secretly making preparations for a so-called pleasure trip of a party of senators. The following senators have already promised to go: Cameron, of Pennsylvania; Morton, of Indiana; Clayton, of Arkansas; Logan, of Illinois; Gordon, of Georgia; Ransom, of North Carolina; Oglesby, of Illinois; Dennis, of Maryland; Sargent, of Cali-fornia; Stevenson, of Kentucky, and Conkling, of New York. This party will leave Washington at the close of the executive session, for New Orleans, with will furnish free transportation for the party in special Pullman cars to New Orleans. Then it was to be given out as a party going out for the sole pur-pose of pleasure. Of course the country would never accept any such absurd explanation of the departure of so many prominent men upon such a journey. The Times correspondent is able, however, through careful investigation, to give the exact facts in the case, the true explanation of this projected tour. For a long time prominent American capitalists have been trying to get possess or control of the rich mining provinces of northern Mexico. Three years ago a company was formed, with William R. Trauers, son-in-law of Reverdy Johnson, as president, and Richard Scheil a vice president. This company secured from the Mexican government control over lower California, and certain concessions in the province of Sonera, ad-

olding. The company is not satisfied with its present condition, and is now working in with this new project. The following rail-road corporations are also in the scheme: The International railroad, of Texas; St. Louis and Iron Mountain CLEVELAND, OHIO, March 12.—The railroad, controlled by Thomas Allen and Baring Brothers, of London; and Independent greenback convention re-assembled at ten o'clock this morning. the Missouri, Kansasand Texas railroad, controlled by August Belmont and the Rothschilds.
